IL TESORO CREATIVE CO.

We're so excited for the opportunity to be part of your story and capture the moments that matter most. These are the memories you'll carry with you for a lifetime—and we don't take that lightly.

At il Tesoro Creative Co., we believe every chapter deserves to be documented with intention. From personal milestones and growing families to meaningful celebrations and evolving brands, our photography is rooted in creativity, connection, and authenticity.

All photography is captured by Samantha Renee, founder and creative director of il Tesoro Creative Co. With more than a decade of experience behind the lens, Samantha has photographed weddings, family sessions, milestone moments, private events, corporate gatherings, golf outings, professional portraits, brand campaigns, projects for music labels, and shoots alongside Peter Menzel.

Her style focuses on candid, authentic moments with a realistic yet artistic approach. Through thoughtful composition and natural direction, Samantha creates images that feel elevated without appearing stiff or overly processed.

From the first conversation through final delivery, every session is approached with care, creativity, and a whole lot of heart. The goal is to create a comfortable experience and a meaningful collection of images that feels distinctly yours.

Below, you'll find thoughtfully curated photography experiences designed to bring your vision to life.
